

RESIDENCE SANTA POLA

...BE MORE THAN A GUEST

Welcome to our apartment!

Enjoy Santa Pola to the fullest – the sea, great food, and the unique atmosphere of this place. Morning coffee in the sun, afternoons by the sea, and evenings with delicious food.

Santa Pola has more than 2,000 years of history – from a Roman port to today's peaceful seaside town on the Costa Blanca. You'll find long sandy beaches, a fishing harbor with daily fresh fish auctions, and salt flats with flamingos. The town's landmark is a 16th-century fortress, and just off the coast lies Tabarca Island – the only permanently inhabited island in this part of the coast, famous for its crystal-clear water and marine reserve status.

We have selected the best places for you – restaurants, markets, shopping, and trips – so you can enjoy your stay without searching or worries*.

If you need anything, we are here for you ❤️

We wish you a wonderful stay ☀️

SHOPPING

■ MERCADONA

Large supermarket 200 meters from the apartment, open Monday to Saturday, 9:00–21:30. You can buy all groceries here, including fresh fish and seafood, ready-made meals, fresh meat, fruit and vegetables, bakery products, drinks, cosmetics, household items, etc. Closed on Sundays and public holidays (during summer it is also open on Sundays – please check the opening hours posted on the store entrance, as in Spain there always seems to be some holiday or celebration 😊)

■ CARREFOUR EXPRESS

Another grocery store with basic products about 5 minutes from the apartment, open daily from 9:00 to 21:00.

*In the town you will also find many other smaller grocery stores, fruit and vegetable shops, bakeries, etc.

SHOPPING

■ MARKET HALL AND SATURDAY MARKET, CHURROS

The local covered market offers fresh regional products such as fish, seafood, meat, olives, cheeses, fruit and vegetables, baked goods, and more. Open Monday to Saturday from 8:00 to 14:00. Every Saturday, a market takes place on the square in front of the market hall, where you can buy fruit, vegetables, spices, fermented vegetables, olives, nuts, dried fruits, and other local products. There are also two cafés here. In the one on the left in front of the market hall (Churrería La Lechera, open daily from 6:00 to 13:00), we recommend trying the popular churros with sugar or hot chocolate, together with a Spanish cortado coffee (strong espresso with hot milk) or cocoa.

■ OPEN AIR MARKET

This large open-air market takes place every Monday and Saturday from 9:00 to 14:00. It is located on the open area directly opposite the bus station and attracts people from all around the region. You'll find many stalls selling affordable clothes (including good-quality copies of famous brands), shoes, leather goods, bags and handbags, sunglasses, cosmetics, household items, gifts and souvenirs — and even an original paella pan :) On Saturdays, you can also buy fresh fruit and vegetables, olives, pickled vegetables, nuts, and sweets. There are also two places where you can have breakfast (toast, sandwiches, churros, coffee, etc.) or buy grilled chicken and ribs for lunch.

FISH MARKET AND FISH AUCTION

In front of the fishing harbor, you'll find a row of stalls selling fresh fish and seafood caught by local fishermen in the waters around Santa Pola, including sea bream, seabass, tuna, red snapper, sardines, octopus, squid, crabs, prawns, lobsters, mussels, clams, and more. Official opening time is from 17:00, although in true Spanish style this is usually when they are just starting to prepare the stalls :) They close once everything is sold out or around 20:00. Before that, you can visit the fish auction (see text below). Guided tours are available several times a month in English and Spanish. More information can be found at: www.turismosantapola.es

The Santa Pola fish market, located on Calle del Muelle in the harbor, works like a well-oiled machine. After watching the fishing fleet race back to port to get their catch onto the conveyor belts first, head inside to witness the fascinating auction. To the untrained eye, once the conveyor belts start moving it may look like complete chaos, but in reality everything is highly organized. Tiered seating gives buyers a clear view of the crates as they arrive at the auction hall. Large digital screens display the weight of the fish in each crate. Depending on the catch, bidding starts high and gradually drops until someone places the winning bid.

RESTAURANTS

■ RESTAURANTE CATASIMO

A popular restaurant just 3 minutes from the apartment, offering great value for money and friendly service. The staff speak English and reservations can also be made online through their website. They offer a weekday lunch menu (“Menú del Día”) as well as a weekend menu (“Menú Fin de Semana”). We definitely recommend trying their homemade desserts, which change regularly.

■ RESTAURANTE/BAR GOOD MOOD

A place loved not only by locals, where you can enjoy a simple breakfast, lunch, or dinner — or stop by for one last drink (or a few) before heading to bed :) Open daily, including public holidays, from 7:30 until midnight.

■ SUSHI YOKE

All-you-can-eat restaurant / sushi place close to our apartment. The all-you-can-eat menu costs around €15–20 per person (drinks not included, lower prices on weekdays). After arriving, you'll receive an order sheet and a pencil, where you write down the numbers of the dishes you choose from the menu and the number of portions.

RESTAURANTS

■ 100 MONTADITOS

A popular Spanish concept — something between a pub and a fast-food restaurant. On Wednesdays and Sundays they offer a special deal: 100 sandwiches for just €1 each. Ask for the English menu at the bar. Large beer for €2, a bowl of olives or chips for €1. Try the Spanish “tinto de verano” — a refreshing mix of red wine and lemonade.

■ TREMENDA *BY RUIZ BROTHERS*

If you like burgers, you definitely have to visit this place. They often have special offers (for example, on Thursdays all burgers cost €9.99 — check their website or ask in the restaurant for current promotions). Opening hours vary depending on the season.

■ LA MORUNA RESTAURANTE LOUNGE BAR

Restaurant and bar at the end of the seaside promenade (next to the ALE-HOP souvenir shop). Excellent food and beautiful sunset views. Open daily from 12:00 to 1:00.

TAKEAWAY

■ KEBAB

A popular local kebab place located near the main square, on the side of the fortress (next to the entrance to the underground parking garage). They serve kebabs, burgers, salads, pizza, falafel, chicken wings with side dishes, and combo menus for around €6. Open daily from 12:00 until 1:00 after midnight.

■ LUNCH BUFFET WITH HOMEMADE FOOD

This is the perfect place if you don't feel like cooking but also don't want to go to a restaurant. You can take food away in takeaway boxes to the beach or back home at reasonable prices. There is a wide selection of dishes that changes daily (pasta, paella, meat dishes, salads, fish, and more). Open daily except Tuesdays, officially from 9:00 to 16:00 (we recommend checking in advance or going before around 12:00, because if they sell out, they close earlier).

SWEET TREATS

■ PASTELERÍA DALÚA

A very good pastry shop on the corner of a street near the main square. Open Monday to Friday from 8:00 to 21:30 and Saturday to Sunday from 8:00 to 22:00. You can enjoy breakfast here, a large selection of desserts and sweet pastries, hot chocolate, milkshakes, and more.

■ HELADERIA LUIS BALDÓ

A very good family-run ice cream shop in the harbor area, with a tradition dating back to 1952. Open daily from 9:00 to 22:00 (on Saturdays until 23:00).

BEACHES

■ LEVANTE

Playa Levante is a popular sandy beach with fine sand and a gradual entrance into the sea, located just a short walk from the apartment. Thanks to its location in the heart of Santa Pola, it offers everything you might need — from restaurants and bars to children’s playgrounds and seasonal activities such as pedal boat rentals or a water sports school for paddleboarding enthusiasts etc.

■ GRAN PLAYA

Gran Playa is a large urban beach located behind the harbor, with very shallow water stretching dozens of meters into the sea, making it the safest choice for families with small children. This lively beach with full facilities is also a well-known center for windsurfing and, thanks to its size, offers plenty of space for relaxation.

■ VARADERO

Playa Varadero is a smaller and more intimate city beach with fine light-colored sand, lined with tall palm trees providing pleasant natural shade. It is located about a 15-minute walk from the apartment. The beach offers a quieter atmosphere, with one stylish beach bar right by the shore, and there is also a volleyball net for fans of beach sports.

■ CARABASSÍ

Playa del Carabassí will enchant you with its untamed beauty of golden dunes and pine groves surrounding the crystal-clear turquoise sea. You can reach it by car or by bike (distance 7 km). It is a perfect natural paradise for lovers of peace and water sports, where fine sand and wooden walkways create the true Mediterranean atmosphere.
